Planned joint initiatives

Ensure collaboration between regional teams working on similar topics in WAGGGS and World Scouting

Collaborate where strategic opportunities arise, ensuring alignment and cohesive approaches (e.g. External Relations/Representatives).

Support self-organised joint networks

The Overture Diversity Network and the Centers Managers Conference are joint networks, self-organised, composed of Scouts and Guides from across Europe, working on implementing all aspects of Diversity and Inclusion and, respectively, centres management. As these topics remain extremely important for WAGGGS and World Scouting, the regions will support these networks in staying relevant and updated in terms of topics, resources produced by both organisations and the needs of our members.
